RYE SOCIETY OF ARTISTS SUMMER EXHIBITION 2024

The Rye Society of Artists Annual Summer Exhibition will be held during August at the Dance Hall, Community Centre, Conduit Hill, Rye (see map below).

The Rye Society of Artists is a long established group of professional artists living within a fifteen mile radius of the ancient cinque port town of Rye. For more than seventy years our membership has included practitioners in all the varied fields of fine art - painters, photographers, print-makers, sculptors and ceramicists. Many of our members have national reputations and some have enjoyed international recognition.

The show will include a mix of paintings, photographs, original etchings and drawings with Royal Academicians hanging next to local artists submitting their work for the first time. There is always a wide range of ceramics, from domestic ware through to decorative pieces and a variety of sculptural works.

Open daily 3-26 August from 10:30am to 5:00pm

Please note that part of this exhibition is upstairs and there is no lift. We are sorry for any inconvenience caused.
